The Superior Nutrition For Healthy Fussy Champions!

Derma-Pro has been developed in Australia and France by an experienced team of pet nutritionists; veterinary professionals and breeders. **Derma-Pro** is manufactured in Australia using prime quality and disease free ingredients that have been carefully blended to produce a premium and more palatable dog food. **Derma-Pro** is ideal for all breeds of dog and is also 100% complete and balanced for the every day needs of your best friends according to the Association of American Feed Control Officials (AAFCO) standards. Fortified with a comprehensive range of essential vitamins; minerals and anti-oxidants, it does not have artificial colours or flavours to ensure a healthier life.

It also contains a carefully formulated blend of essential fatty acids to make sure your dog's skin and coat stay healthy and glossy at all times.
